

Donald Trump and his Campaign

Donald Trump, have you heard of such a name? If you haven't just be aware that he might be your new US president. Yeah that's right, you've probably heard of him and you're thinking, "The rich guy who is always on TV". Donald Trump is running for president against the lovely wife, (Hillary Clinton) of our past president Bill Clinton. Yes a woman is running for president. Yay! Donald Trump is well known and he wants to be better than before. He says "Vote for me and let's make America great again" Donald Trump's words. Donald Trump has talked bad things about people. This man is not afraid to talk about what is on his mind, and he will do anything to get elected as president. So far he has been the most powerful person in this campaign, he has money, education, people love him/know him, and he is not afraid to say anything. Once Donald Trump gets elected, he wants to make America great again but how?

Donald Trump's Wall

By making America great again Donald Trump is planning to build a wall around the border of the US. He is trying to keep the Mexicans out of the US and the most surprising thing is, he will make them pay for the wall. He wants to build something, his own idea and he will make someone else build it/pay for it. Many people don't like this idea of having the wall built just to keep the Mexicans out. He is not only trying to keep them out he is also trying to take them out. All the undocumented Mexicans are wanted out by Trump. The US is populated with about 10.9% undocumented Mexicans. That will leave a lot of room in the US but kicking them out is wrong, they made their lives here and their children were born here too. By having this announced, Trump had lost many of his votes and it is harder for him to be president now, but it's not impossible. He will do all in his power to be the next US president.
